

Action Plan

The 4th Annual Great Scorpion Trail Run - Meridian, MS - January 9th, 2021

We will be doing a few things different to hopefully do our part of fight Covid-19.

*** We will be capping our race at 160 total participants. We feel this is a number we can easily manage and be able to keep everyone safe.**

*** Our start time for the 12.5K will now be at 7:15 am.**

Our complete schedule for the start of all events will now be:

50K will start at 6:30 am

25K will start at 7:00 am

12.5K will start at 7:15 am

We are asking participants to wait till your designated start time to come to the starting line.

If you are picking up your packet on race morning, please wear a mask when interacting with volunteers at the packet pickup tent and return to a safe distance once you have your items.

We will again ask all participants to bring your own water bottle or container. We will have volunteers at the water coolers with gloves and mask to push the button to fill your bottle so that you only have to hold it beneath the cooler.

We ask that participants wear a mask before the start of your event and after you finish. Hand sanitizer stations will be available in the finish line area.
